

The Ostwald Group is a leading provider to the engineering, mining, energy and rural industries throughout Australia. In addition to the environmentally responsible construction of various facilities for these industries, the Ostwald Group offers modern accommodation, facilities management, supply of professional transport solutions and superior construction materials.

The Ostwald Group continually strives to improve environmental performance across all aspects of the business in order to reduce adverse environmental impacts, across the lifecycle of our activities.

The Ostwald Group is committed to:

- ① Protecting the environment by providing systems for the identification, classification, assessment and review of issues relating to environmental management;
- ① Maintaining effective communication and/or training to workers, contractors, clients and visitors to ensure that environmental management practices are undertaken in the workplace;
- ① Communicating the aims and purpose of this Environmental Policy and associated procedures to all concerned, to ensure that workers and contractors are aware of their obligations to environmental standards and targets;
- ① Comply with and continuously improve the effectiveness of the management system;
- ① Ensuring that our Integrated Management System meets the requirements of AS/NZS ISO 14001, and that it is incorporated into the groups processes;
- ① Providing facilities and services that meet or exceed relevant statutory legislation, industry guidelines, appropriate Australian and International Standards and applicable contracts;
- ① Influencing and consulting with customers, stakeholders, suppliers and the community in our approach towards responsible and sustainable environmental practices;
- ① Continually improving our services by setting measurable goals and providing/supporting ongoing training to promote the prevention of pollution and any other negative environmental impacts; and
- ① Providing a system that ensures our fleet is of a high standard through a vigorous maintenance and inspection program, which is designed to preserve the environmental integrity and reduce the impacts of poor machinery performance.

The Ostwald Group supports and is committed to this Environmental Policy and expects all workers, contractors and visitors to adhere to the principles outlined herein.

Brendan Ostwald
Chief Executive Officer
